ACL Digital
an ALTEN group company

Crafting engaging experience portal with Drupal

ACL Digital helps organizations transform the traditional portal into a digital experience platform that is focused on customer experience journey. Our enterprise-level digital solutions integrate with the Drupal Experience platform to help leading companies worldwide provide the most engaging customer experience.

What We Offer

Strategy & Consulting

ACL Digital helps organizations build experience platforms including content management, personalization, customer journey management, powerful search, gamification, reward recognitions, and collaborations. Our strategy and consulting services help organizations with-

- Enterprise discovery
- Portal readiness assessment
- Content strategy
- User experience & design
- Integration & migration services
- Personalization & analytics

Implementation

ACL Digital has rich experience in working with Drupal experience platform to develop futuristic solutions, products, and services that ensure your content and digital assets work for you. Our implementation services cover:

- End-to-end Drupal implementation
- Enterprise platform connectors
- Multi-site & multilingual websites & intranets
- Hybrid, Content as a Service (CaaS) Applications
- Migrations - from Drupal Ver or other content platforms
- Cloud hosting and WEBOps

Why Migrate to Drupal?

Drupal is an open-source content management system being leveraged by more than a million sites globally. Drupal as a solution drives next-level headless hybrid portal platform with Low-code /No-code content authoring, integrates with marketing automation tools, and provides advanced security.

ACL Digital Unique Value

Low-Code/ No-Code content authoring and content publishing easy for non-technical users.

- Save up to **50% time** in building new web portals.
- Save up to **75% time** to publish new content.

Homegrown plugins, connectors, frameworks, and accelerators help to speed up your go-to-market strategy.

- Reduces IT development and testing efforts up to **70%**
- Significantly **lower TCO** to maintain multiple content portals

Solutions
